

Not-so-local Genshin fan has returned!

It's been a while, huh. Basically...

Wolfe is now a Furina haver!!! Furina's team is Nahida, Xingqiu & Ga-ming ♡ Next target is Xianyun and Bennett (yes, Wolfe has no Bennett, sad). Also I ended up pulling on Navia banner (current banner) for pity + Kaveh (he's back!!!) and lost 50/50 to Mona. Phew, now I have guarantee for Xianyun. I ascended Mona w/o free wish then GOT A GA-MING CON so now my new fav main is C5 ☹️ Also event Wanderer is so sweet, I love him sm ☺️

I've been working on the Xianyun drawing but I think the file might be too big to post. Other than that my art is nonexistent w/o I've been too focused on school + Genshin ~@st4rrlight

PS no comment on the ~~acc~~ that's been going down irl. This is an art acc and I'm posting SOLELY art+rambles.
