

Y'all, I'm gonna be honest...

I don't support g@y ppl...

I believe there's only two geñders...

And to sum it up, I strongly disagree with both... 🙄

I'm not saying this bc I'm forced to, I just don't want to pretend to support things that I din't support irl...

Plz don't let this change our friendships.

Along with these things, I believe that everybody can have opinions, and I am okay if you disagree with me! BTW I am not h0m0phòbic, unlike @snekko says 🙄

I just wanted y'all to know this, cuz I can't keep indirectly lying to y'all
