Description (ex: blue skin, fluffy hair, fish gills, small

nose): A fennec fox humanoid who loves dressing up in internet references. Gets a lot of bruises from rough-housing. Has fluffy brown hair with blond highlights and blond fur. His tail is like his hair.

Extra info! (ex: good at quidditch, likes to invent new potions, has a pet hippogriff named Jeff):

He has a precious tanagotchi he named "Squippy" and would go to extreme lengths to keep him safe. He also despises plastic bottles (like Shikanoko) bc he choked and swallowed a bottle cap when he was younger. He says he "still feels it in his tumtum."
