

Speaking up about Samcat and what happened.

So basically, as you all know, me and @sssamcattt were dating for like.. a week? He would say things such as "I love you smm" or "you're so pretty" hëll, I didn't even start up any séxual conversation, HE did. Well, today, I found out he was just toy to him and he was using me for evidence. Now, he's saying everything is my fault, I'll never be loved, nobody loves me, and that I'm a terrible person. And to think, I genuinely loved him. That just shows how crazy I am. I can post screenshots if needed.
