

Label the following in the image below, then complete the questions.

1. Leading strand
2. Lagging strands
3. DNA Polymerase I
4. DNA Polymerase III
5. DNA Ligase
6. Primase
7. Helicase
8. Single strand binding protein

Draw in topoisomerase. Draw an arrow and label the replication fork.
What are the fragments of DNA in the lagging strand called?

Label the following in the image below, then complete the questions.

1. ~~Leading strand~~
2. ~~Lagging strands~~
3. ~~DNA Polymerase I~~
4. ~~DNA Polymerase III~~
5. ~~DNA Ligase~~
6. ~~Primase~~
7. ~~Helicase~~
8. ~~Single strand binding protein~~

Draw in topoisomerase. Draw an arrow and label the replication fork.
 What are the fragments of DNA in the lagging strand called?

Okazaki fragments ↷
