

About me!

I have a cat and he's adorable!

My favorite color is blue (mostly light blues)

I hate being in crowded places and I try to avoid people in crowded places

Loud noises hurts my ears really bad since they are sensitive

I am very forgiving at times (except when you hurt someone with no reason! Especially my friends!)

I have 3 younger sisters and I'm the oldest!

My name is a city name (can you guess it? :)...)

I have social anxiety (btw all my friends came to me lol)

I love making new friends but it's hard to go up to people (again social anxiety)

I love art (but I'm scared to share it)

I love notability! I can share my art without anyone knowing me (except 2 friends who are on notability)

I love reading (mystery, crime, romance, and adventure)

I like to be alone sometimes when I'm overwhelmed and/or scared

I sometimes keep to myself when I feel lonely

In the winter I can get really sick, and I get really bad coughs and at times when it's really bad I can't talk because of it (but it does go away)

I love it when people LOVE ME for ME!
