

So, basically my friend won't talk to me and I don't know why. Thinking i did something wrong I sent him an apology email, saying that I didn't know what i did, and that I was sorry for what ever it was. They responded saying that they wanted me to stop talking to them, not to try and comfort them, and not to even approach them. They also said it was annoying. I cried, of course, because I'm a big baby, and now I've tried to email them a bunch of times, and they haven't responded. I asked them to tell my why in person, but they won't respond, and I don't know what to do. I want to cry so bad right now.
