

When I was 5 I had a boyfriend and he was the most nicest person in the world and I low-key wish he was still here but he farted and I got the ick so i left him and I sang a song with him like a dang Disney movie love story and it was literally about farting. (the lyrics are down below)

Yeah I wish you didn't fart in front of me..I'm sorry i left you..I just can't take the smell and the soundddd~ of the fartsss!! The fart is what made me leave you..I'm sorry..I just wish you never farted out your buttttt! We could've had a life of love and cupcakes.. but you let that go by....releasing gas from your own cupcakes... I'm sorry..sorryyy~.. please..never fart at me..aagggainnnn...

(he literally left and moved out of town blud)
