

@everyone I'm sorry everyone that I was "tracing" and I hope you guys forgive me. This whole time I actually never knew about the pics from online bcz I actually only told the ai to send me links of photos. I thought they were ai generated and I hope you guys forgive me.

@mikahzart I'm deeply sorry for telling you to jump off a cliff and go k1ll yourself (please don't). I was just rily mad bcz of all the drama and irl situations. I hope this drama dies down and no longer continue. Ik you will never c me the same as before but I just hope you know that I'm sincerely sorry.

@psy_ch0 I'm sorry for calling you the devil itself but honestly I have anger issues and rily snapped. Also I don't appreciate you making a whole discord page abt me and @nikoco_11 on discord bcz I have no clue on what's happening bcz I'm not in the gc. (I learnt it from a friend on notability) I hope you appreciate the apology and stop making more drama out of this.
