

Ok what's good guys, I have made a mistake lets start a cult to bring hutch back because him leaving was truly not my intention and personally communicating with him was an even worse choice, see Yuoaki found out the lines don't aline, and I had no **ЧЕРТОВСКИ** Idea he was just "heavily referencing" **ВОТ КАК Я ДОПУСТИЛ ОШИБКУ** so now im going to send a whole paragraph of an apology to hutch because i deserve it, and ill just hand down my exposing doc to efi3xx or Yuoaki because i have no knowledge of exposing, and I like to be nice and I tried exposing in the nicest way possible to avoid drama but guess what, **DRAMA** remember like two to three weeks ago I made a note saying I would expose some people but then I refrained right? So next time mabye I (everyone) should possibly just personally get in touch with the user to confirm your findings and see if its true. Yes I am pretty dum3 hehe. Now time to go write a whole essay on how to apologize to hutch thanks guys! (NO IM NOT AN ATTENTION SEEKER)
