

Oml u guys won't believe what just happened. So I'm still on Christmas break and we're going to France tomorrow :O and today in the morning my mom literally said "I can't adult today just do whatever u want" so my older sister made me and my lil sis pancakes and we had wayyyyy too much whipped cream. Then I binged tt and Pokémon for half the day, then we had lunch which was instant ramen with these weird add ons (we have a game lol) and then other half was when my sister took me and my lil sis and my doggie to the dog park and we played with all of the dogs there, then we came home and my mom is gonna make dinner cuz the whole day she literally slept and online shopped and did nothing 😂 and that was my whole day 😊 now I'm eating chips while typing this and getting crumbs all over my iPad :D

I hope u guys are having a good day too!

GOING TO FRANCE IN ONE DAY! 🇫🇷🥖
