

# Lulu

Name: Lulu

Weight: 200g

Height: 3'5" feet

Likes: Lala, Maddie, the supernatural, her ouja board, knives, cool sunglasses, sleep,

Dislikes: SALT, annoying beings, humanity

Personality: Sassy, short tempered, careless (even in dangerous situations)

I won't spoiler the way she came to life or was made but still some info

Lulu has a passion for the supernatural but as mentioned careless so when she was playing around she summoned something (I still have to choose what) which gave her a "demonic" (idk what to call it?)

side which happens when she gets angry (look at the microwave meme I posted for an example)

Full dark form:  
(she stays the same size btw it just doesn't fit)
