

Our school restricted notability so goodbye, it was a good run and stuff. I can't believe I got to 275 followers and I still think I don't deserve them compared to the art of other artists. But yep I wrote this in case I got the chance to publish it. If I can I'll try to come back as soon as possible but yep 🙌 we can still post but we will try to see if it works out of school wifi.
