

Small announcement bc I don't wanna post a drawing (if you haven't realized yet, I'm lazy)

I didn't disappear I just hate using notability to draw bc.. no layers or fill tool-

Anyways admins thought it'd be a good idea to quarantine HALF OF THE CHAPTERS OF THE BOOK IVE BEEN DOING.. SMH.

I wanted to let y'all know it's on ✨Wattpad✨ so I'll put a link to my wattpad profile in the note's description bc notability doesn't like my book >:[

And yes I'm working on the next part I promise ;;

Anyways bye! <3
